OPERATING AND FINANCIAL REVIEW

REVIEW OF OPERATIONS

Biotron Limited ('Biotron' or 'the Company') has completed several significant milestones during the 2021/22 financial year. These include:

- Commenced and recruited patients into two Phase 2 clinical trials of BIT225 for treatment of HIV-1 infection following receipt of relevant ethics and regulatory approvals at sites in Australia and Thailand.
- Reported that Biotron's lead antiviral drug BIT225 demonstrated substantial and clinically meaningful efficacy against SARS-CoV-2 in a series of animal and cell-based studies, including ability to protect against severe disease in established SARS-CoV-2 infection in an animal model of human COVID-19.
- Submitted a proposal to the USA Food and Drug Administration ('FDA') to conduct a human clinical trial to assess the efficacy of BIT225 for the treatment of COVID-19 under the Coronavirus Treatment Acceleration Program, a special emergency program for potential coronavirus therapies.
- Received guidance from the USA FDA relating to the proposed clinical development of BIT225 for the treatment of COVID-19.
- Continued the design, synthesis and testing of new compounds under its HIV-1 and Hepatitis B virus ('HBV') programs, with the aim of identifying a next-generation lead anti-HIV-1 drug and a lead candidate for HBV.
- Received an R&D Tax Incentive refund of \$1,558,525 for the 2021 financial year.

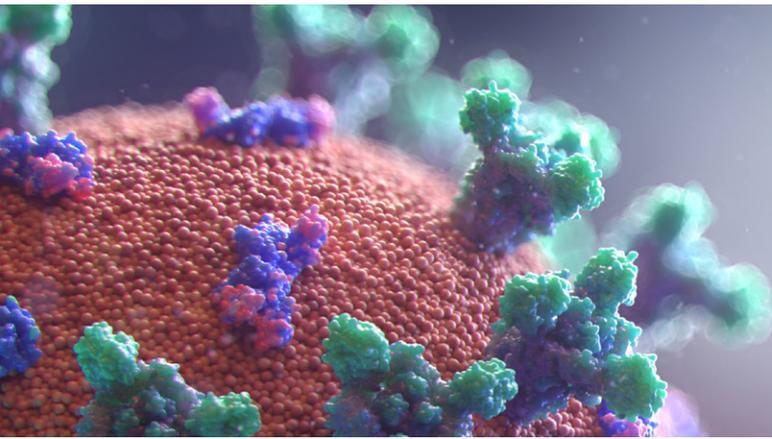

SARS-CoV-2

Biotron's core expertise lies in the design and development of drugs that target virus-encoded proteins known as viroporins. Viroporins are found in a broad range of viruses and play key roles in viral pathogenesis. Viroporins are central to viruses modifying host immune responses so that they can fly under the radar and establish and maintain ongoing cycles of infection. Biotron has designed and developed a library of compounds that target viroporins from a broad range of different viruses that cause serious infections in humans and other hosts.

Biotron has had a long interest in coronaviruses, dating from the SARS-1 epidemic, which provided a good background for knowing how to successfully target this new coronavirus.

OPERATING AND FINANCIAL REVIEW

At the start of the COVID-19 pandemic, Biotron commenced a program to develop an antiviral drug to treat SARS-CoV-2 infection. The Company's initial activities were focused on designing and testing new compounds.

In parallel with designing and testing new anti-SARS-CoV-2 compounds, Biotron assessed its existing proprietary drugs from other antiviral programs for activity against this new virus. In late 2021, Biotron reported that BIT225, the Company's lead antiviral drug that is in clinical development for treatment of HIV-1 immune dysfunction and eradication, demonstrated substantial and clinically meaningful efficacy against SARS-CoV-2 in a series of animal and cell-based studies performed at The SCRIPPS Research Institute, La Jolla, CA, USA. The drug protected animals infected with the virus from developing severe disease, rapidly lowering virus levels and preventing the cytokine storm that is responsible for causing severe COVID-19 disease.

The identification of BIT225's antiviral activity against SARS-CoV-2 has greatly accelerated the clinical, regulatory and licencing pathway of the Company's COVID-19 program.

BIT225 is Biotron's lead antiviral clinical-stage, investigational, small molecule antiviral drug. It is an oral drug, suitable for once-a-day dosing and has a well characterised safety profile. The drug has been evaluated in nine completed clinical trials involving healthy volunteers, patients with HIV-1 infection, patients co-infected with Hepatitis C virus ('HCV') and HIV-1 and patients with HCV (as monotherapy and in combination with pegylated interferon-alfa and ribavirin). BIT225 has an established human safety profile and has the potential to be an important first in class drug to treat COVID-19.

The emergence of new SARS-CoV-2 variants throughout the pandemic highlights the ongoing need for developing oral drugs to treat the infection and prevent severe disease, especially in at-risk individuals.

The identification of BIT225's antiviral activity against SARS-CoV-2 has greatly accelerated the clinical, regulatory and licencing pathway of the Company's COVID-19 program.

The pathway for development of a new therapeutic drug for COVID-19 requires careful consideration of clinical, regulatory and epidemiologic features of this infection. The continually evolving COVID-19 landscape creates challenges in designing and implementing clinical trials for new drugs.

To ensure that Biotron designs a clinical trial that will fit within expected COVID-19 treatment guidelines, the Company submitted a briefing package the USA FDA in March 2022. The submission included a proposal for a clinical trial as well as details of completed preclinical and clinical studies that have been undertaken to date. The FDA responses were constructive and provided clarity on the proposed clinical trial design.

Biotron is now finalising the plans for a Phase 2 placebo-controlled, proof-of-concept, dosing-finding study for COVID-19, using FDA-agreed end points.

As with all of its programs, the Company's focus is on generating high-value data to de-risk the portfolio ahead of licensing to a major pharmaceutical company for late-stage development, marketing and sales.

OPERATING AND FINANCIAL REVIEW

HIV-1 Program

In late 2021, the Company commenced two Phase 2 clinical trials of BIT225 for treatment of HIV-1 infection. These trials were undertaken to expand on the positive outcomes reported from the completed BIT225-009 HIV-1 clinical trial.

Importantly, these two trials were designed in consultation with key international clinical and industry advisors and are aimed to demonstrate to potential pharmaceutical partners and regulatory agencies how BIT225 can be used to improve patient outcomes and address currently unmet medical needs.

Biotron's anti-HIV-1 drug BIT225 is unique. It is the first drug of its kind to act as both a direct-acting antiviral drug and an immune enhancer. The addition of BIT225 to anti-HIV-1 drugs stimulates the body's immune system so that it can find HIV-infected reservoir cells and take the necessary steps to eliminate any residual virus. This effect of "unmasking" infected cells within cellular reservoirs would solve a huge problem in treating HIV-1 by allowing the body's immune system to work together with the anti-HIV drugs to clear out inaccessible pockets of virus and annihilate the infection for good – opening up the potential for HIV-infected people to avoid lifetime drug treatment.

The goal with BIT225 is to eliminate the reservoirs of HIV-1 in the body. Improvements in immune function that appear to be a direct result of BIT225 in the presence of HIV-1 may have additional key health benefits. The improvements in patients can be readily assessed by measuring key immune cell populations and markers. Positive changes such as immune function restoration go hand-in-glove with eradication of HIV reservoirs and are surrogate markers of reduction of virus below the level of quantitation.

Previous clinical data indicated that treatment with BIT225 in newly-diagnosed HIV-infected people starting standard antiretroviral treatment ('ART') significantly improved key markers of immune dysfunction, which indicated a boosting of the immune system against HIV-1.

The latest trials [BIT225-011 and BIT225-010] are currently enrolling HIV-positive populations in Australia and Thailand. Good progress has been made in recent months after the outbreak of the Omicron variant of SARS-CoV-2 in the first part of 2022 caused unavoidable delays at the trial sites in recruitment for the trials. Both trials are expected to be completely enrolled in the near future, with preliminary data anticipated in the first half of 2023.

Hepatitis B Virus Program

Throughout the year in review Biotron's key focus has been on its HIV-1 and COVID-19 programs. However, Hepatitis B Virus ('HBV') remains an important early-stage program for Biotron. Like HIV-1, HBV can be treated with drugs that stop the virus replicating, but these do not eradicate the virus. Chronic infection with HBV can lead to complications such as cirrhosis and liver cancer, which cause close to one million deaths worldwide each year. Over 2 billion people worldwide have been infected with HBV. The World Health Organisation estimates that over 250 million are chronically infected.

Biotron's compounds have demonstrated significant anti-viral activity against HBV in pre-clinical studies in cell-cultures, reducing levels of cccDNA (covalently closed circular DNA), as well as other key viral markers.

Characterisation of the mechanism of action of the HBV compounds is continuing, and the focus is on progressing studies to select a lead drug candidate to take forward to safety studies. While Biotron's work on its HBV compounds is pre-clinical, the data from these studies further validate the Company's approach to anti-viral drug development and may lead to an early-stage development opportunity with an appropriate partner.

OPERATING AND FINANCIAL REVIEW

Commercialisation

The Company's preclinical and clinical development activities are undertaken with the sole aim of achieving a commercial outcome for its promising antiviral programs. The current pandemic and other outbreaks such as that recently reported for monkeypox highlight the importance of novel approaches such as Biotron's viroporin compounds which have the potential to target a broad range of existing and emerging viruses.

Licensing or sale of innovative technology and products by biotechnology companies such as Biotron to major pharmaceutical company partners first requires demonstration of clinical efficacy. The Company has been sharing information on its antiviral programs with potential partners in the pharmaceutical industry since early preclinical development. Discussions with pharmaceutical companies are iterative in nature. Every successful series of experiments or clinical trial generates another series of questions that will guide the decision-making process on the side of commercial partners. Good, well-founded science is core to success. Feedback from potential partners, as well as advice from experienced international clinical, regulatory and industry advisors, has informed every step of development activities undertaken by the Company.

Biotron has generated a compelling package of preclinical and clinical data supported by a robust patent portfolio. The anticipated data from the two Phase 2 HIV-1 clinical trials in the first half of 2023 is expected, if positive, to trigger substantive engagement with potential partners. Groundwork has been laid during previous discussions during the development process. The two HIV-1 clinical trials have been designed to generate data that will clearly demonstrate to the pharmaceutical industry how BIT225 can be best used in the treatment of HIV-1 infections.

Phase 2 is generally considered the best time to license technology to a major pharmaceutical company as they have the expertise and resources necessary for late-stage clinical development and regulatory approvals in major markets such as the USA. This is not a rapid process, nor is there a guarantee of a successful commercial outcome. But we are significantly closer with the end of the two clinical trials in sight.

We appreciate the ongoing support and patience of shareholders while we work to achieve the long-awaited commercial outcomes.

OPERATING AND FINANCIAL REVIEW

Patents

Biotron continues to progress patents related to its antiviral programs through the international patenting process. The Company recognises that the key to establishment of partnerships is the expansion and

continued strengthening of Biotron's intellectual property portfolio. Strong, defensible, international patents are essential to attract partners and to ensure a competitive advantage for the Company's products in the marketplace.

OPERATING AND FINANCIAL REVIEW

Outlook

During the next financial year, the Company will be focused on:

- Completing the HIV-1 clinical program as outlined above.
- Progressing the SARS-CoV-2 program through a clinical trial of BIT225 for treatment of COVID-19.
- Ongoing sharing of data and discussions on its antiviral programs including the HIV-1 Phase 2 clinical trial with potential pharmaceutical company partners regarding commercialisation opportunities for the Company's antiviral intellectual property.
- Identifying next-generation lead compounds for HIV-1 and COVID-19 for progression into formal safety studies.
- Identifying a lead compound for HBV, while continuing to characterise the mechanism of action, for progressing into animal model[s] of infection and formal safety studies.

Subsequent Events

No matters or circumstances have arisen since the end of the financial year which significantly affected or may significantly affect the operations of the Company, the results of those operations, or the state of affairs of the Company in future financial years.

We look forward to the next year with confidence.

DIRECTORS' REPORT

Directors

The names and particulars of the directors of the Company at any time during or since the end of the financial year are:

Mr Michael J. Hoy

Independent and Non-Executive Chairman

Mr Hoy has more than 30 years' corporate experience in Australia, the United Kingdom, USA and Asia. He is Chairman of Lipotek Pty Limited and a former director of John Fairfax Holdings Limited and FFX Trust.

Mr Hoy has been a director since 7 February 2000 and Chairman since 16 March 2000.

Dr Michelle Miller, BSc, MSc, PhD, GCertAppFin [Finsia]

Managing Director

Dr Miller has worked for over 25 years in the bioscience industry, with extensive experience in commercial drug development. She completed her PhD in the Faculty of Medicine at Sydney University investigating molecular models of cancer development. Her experience includes several years at Johnson & Johnson developing anti-HIV gene therapeutics through preclinical research to clinical trials. She has finance industry experience from time spent as an Investment Manager with a specialist bioscience venture capital fund.

Dr Miller was appointed as Managing Director on 21 June 2002.

Dr Susan M. Pond AM, MD DSc, FTSE FAHMS

Independent and Non-Executive Director

Dr Pond has a strong scientific and commercial background having held executive positions in the biotechnology and pharmaceutical industry for 12 years, most recently as chairman and managing director of Johnson & Johnson Research Pty Limited (2003 - 2009). Previous non-executive positions include chair of AusBiotech Limited and director of Australian Nuclear Science and Technology Organisation, Wound Management Innovation CRC and Australian Academy of Technological Sciences and Engineering [ATSE]. Dr Pond also served as a board member of Commercialisation Australia and Innovation Australia.

Dr Pond is currently director of the Trusted Autonomous Systems Defence Cooperative Research Centre, Vectus Biosystems Ltd and the Australian Phenomics Network. She is a member of the Council of the Queensland University of Technology and a Fellow of the Australian Institute of Company Directors, the Academy of Technological Sciences & Engineering, the Academy of Health and Medical Sciences and the Royal Society of NSW.

Dr Pond holds a first-class honours degree in Bachelor of Medicine and Surgery from the University of Sydney and a Doctor of Medicine degree from the University of New South Wales. She obtained specialist clinical credentials in internal medicine, clinical pharmacology and clinical toxicology and held academic appointments at the University of California San Francisco and the University of Queensland before joining industry.

Dr Pond was appointed as a director on 7 March 2012.

DIRECTORS' REPORT

Mr Robert B. Thomas BEd, MSDIA, SF Fin, FICD

Independent and Non-Executive Director

Mr Thomas has over 35 years' experience in the securities industry, with Potter Partners (now UBS), County NatWest and Citigroup.

He is the chairman of Starpharma Holdings Limited and a director of Clarity Pharmaceuticals Limited. He chairs Grahger Retail Securities Pty Ltd and is a director of O'Connell Street Associates Pty Limited.

Mr Thomas has a Bachelor of Economics degree from Monash University (1963 - 1966). He has been a member of the Securities Institute of Australia since 1976 and was appointed as a Fellow to the Institute in 1997. He is a Master Stockbroker and is a Fellow of the Institute of Company Directors.

Mr Thomas was appointed as a director on 7 March 2012.

Prof Stephen Locarnini, BSc(Hons), PhD, MBBS, FRC(Path)

Independent and Non-Executive Director

Professor Locarnini is a past director of the World Health Organisation (WHO) Regional Reference Laboratory for Hepatitis B and D for the Western Pacific Region (WPRO). His current major research interests include viral hepatitis, hepatitis vaccines and antiviral chemotherapy with an emphasis on the basic virology of the various agents of hepatitis, the molecular pathogenesis of hepatitis, as well as prevention and public health control measures.

Curative treatments for Hepatitis B infections with antiviral agents represent the current focus for Professor Locarnini who is also interested in intellectual property issues when applied to clinical and diagnostic virology. He is a named inventor on over 20 internationally granted patents.

He worked at the Victorian Infectious Diseases Reference Laboratory (VIDRL, originally Fairfield Hospital Virus Laboratory) from 1989, as Director of Laboratory Services from 1990 to 1998 and, in 1993, he oversaw the amalgamation of all the Fairfield Laboratories into the one service of the VIDRL. He subsequently assumed the position of Head, Research & Molecular Development of VIDRL when the laboratory relocated to Melbourne Health in 1998.

Professor Locarnini is the recipient of numerous awards including the European Association for the Study of Liver Disease (EASL) International Recognition Award in 2010, the Malaysian Liver Foundation's Medal for work on Viral Hepatitis in 2003 and the Gastroenterological Society of Australia (GESA) Distinguished Research Prize in 2013. In 2019 he received the William H. Prusoff HEP DART Lifetime Achievement Award. He is author of 289 peer-reviewed articles, 24 invited editorials and 100 book chapters and reviews and every year delivers numerous invited, plenary, and named lectures at major international meetings and conferences.

Professor Locarnini currently has an academic appointment at the University of Melbourne.

He is a member of the Scientific Advisory Board of a number of emerging as well as established pharmaceutical and biotechnology companies. In 2017, he co-founded the biotech start-up company CLEAR-B with the Morningside-Newton Investment group in Boston, USA focusing on curative strategies for chronic Hepatitis B.

Professor Locarnini was appointed as a director on 23 October 2018.

Mr Peter J. Nightingale

Company Secretary

Mr Nightingale graduated with a Bachelor of Economics degree from the University of Sydney and is a member of the Chartered Accountants Australia and New Zealand. He has worked as a chartered accountant in both Australia and the USA.

As a director or company secretary Mr Nightingale has, for more than 35 years, been responsible for the financial control, administration, secretarial and in-house legal functions of a number of private and public listed companies in Australia and the USA including Bolnisi Gold N.L. and Nickel Mines Limited (now Nickel Industries Limited)

Mr Nightingale is currently a director of ASX listed companies Alpha HPA Limited and Prospech Limited.

Mr Nightingale has been Company Secretary since 23 February 1999.

DIRECTORS' REPORT

Directors' Meetings

The number of directors' meetings held and number of meetings attended by each of the directors of the Company, while they were a director, during the year are:

Director	Directors' Meetings	
	No. of Eligible Meetings to Attend	No. of Meetings Attended
Michael J. Hoy	6	6
Michelle Miller	6	6
Susan M. Pond	6	6
Robert B. Thomas	6	6
Stephen Locarnini	6	5

Remuneration Committee Meetings

The remuneration committee meets when required to review matters concerning the committee. During the year, no meetings were held.

Directors' Interests

At the date of this report, the beneficial interests of each director of the Company in the issued share capital of the Company and options, each exercisable to acquire one fully paid ordinary share of the Company are:

Directors	Fully Paid Ordinary Shares	Options	Option Terms [Exercise Price and Term]
Michael J. Hoy	9,347,793	-	
Michelle Miller	3,156,250	1,000,000	¹ \$0.20 from 26 November 2020 up to 29 November 2022
		1,000,000	¹ \$0.20 from 26 November 2021 up to 29 November 2023
Susan M. Pond	654,295	-	
Robert B. Thomas	3,663,195	-	
Stephen Locarnini	800,000	-	

¹ Vesting conditions are based on minimum service periods being achieved.

Following shareholder approval in November 2019, 7,000,000 unlisted options were granted to Michelle Miller. 5,000,000 options expired unexercised on 29 November 2021 and 2,000,000 unlisted options with an exercise price of \$0.20 are outstanding.

There were no options over unissued ordinary shares granted as compensation to directors or executives of the Company during or since the end of the financial year.

DIRECTORS' REPORT

Unissued Shares Under Option

At the date of this report, unissued ordinary shares of the Company under option are:

Number of Options	Exercise Price	Expiry Date
¹ 1,000,000	\$0.20	29 November 2022
¹ 1,000,000	\$0.20	29 November 2023
¹ 2,500,000	\$0.20	31 January 2023

¹ Vesting conditions are based on minimum service periods being achieved.

All options expire on the earlier of their expiry date or termination of the employee's employment provided the exercise period has been reached. In the event that the employment of the option holder is terminated, any options which have not reached their exercise period will lapse and any options which have reached their exercise period may be exercised within two months of the date of termination of employment. Any options not exercised within this two month period will lapse. The persons entitled to exercise the options do not have, by virtue of the options, the right to participate in a share issue of the Company or any other body corporate.

Principal Activities

The principal activities of the Company during the financial year were the funding and management of intermediate and applied biotechnology research and development projects.

Financial Result and Review of Operations

The operating loss of the Company for the financial year after income tax was \$2,781,083 [2021 - \$3,194,347 loss].

A review of the Company's operations for the year is set out in the Operating and Financial Review.

Impact of Legislation and Other External Requirements

There were no changes in environmental or other legislative requirements during the year that have significantly impacted the results or operations of the Company.

Dividends

The directors recommend that no dividend be paid by the Company. No dividend has been paid or declared since the end of the previous financial year.

State of Affairs

In the opinion of the directors, there were no significant changes in the state of affairs of the Company that occurred during the year ended 30 June 2022.

Environmental Regulations

The Company's operations are not subject to significant environmental regulations under Commonwealth or State legislation in relation to its research projects.

DIRECTORS' REPORT

Events Subsequent to Balance Date

There has not arisen in the interval between the end of the financial year and the date of this report any item, transaction or event of a material and unusual nature likely, in the opinion of the directors of the Company, to affect significantly the operations of the Company, the results of those operations, or the state of affairs of the Company in future financial years.

Likely Developments

During the year ended 30 June 2022, the Company continued to fund and manage its research and development projects. The success of these research projects, which cannot be assessed on the same fundamentals as trading and manufacturing enterprises, will determine future likely developments.

Indemnification of Officers and Auditors

During or since the end of the financial year, the Company has not indemnified or made a relevant agreement to indemnify an officer or auditor of the Company against a liability incurred by such an officer or auditor. In addition, the Company has not paid or agreed to pay, a premium in respect of a contract insuring against a liability incurred by an officer or auditor.

Remuneration Report - Audited

Principles of compensation - Audited

Key management personnel have authority and responsibility for planning, directing and controlling the activities of the Company. Key management personnel comprise the directors of the Company and the Company Secretary. No other employees have been deemed to be key management personnel.

The policy of remuneration of directors and senior executives is to ensure the remuneration package properly reflects the person's duties and responsibilities, and that remuneration is competitive in attracting, retaining and motivating people of the highest quality. The Board is responsible for reviewing its own performance. The non-executive directors are responsible for evaluating the performance of the executive directors who, in turn, evaluate the performance of all other senior executives. The evaluation process is intended to assess the Company's business performance, whether long term strategic objectives are being achieved and the achievement of individual performance objectives.

Remuneration generally comprises salary and superannuation. Longer term incentives are able to be provided through the Company's Incentive Option Plan at the discretion of the Directors, which acts to align the directors and senior executives' actions with the interests of the shareholders. The vesting conditions of options issued under the plan are based on a minimum service periods being achieved.

The Constitution and ASX Listing Rules specify that the aggregate remuneration of Non-Executive Directors shall be determined from time to time by a general meeting.

In the event that the employment or office of the option holder is terminated, any options which have not reached their vesting conditions will lapse and any options which have reached their vesting conditions may be exercised period may be exercised within two months of the date of termination of employment. Any options not exercised within this two month period will lapse. The remuneration disclosed below represents the cost to the Company for the services provided under these arrangements.

No directors or senior executives receive performance related remuneration in the prior year.

There were no remuneration consultants used by the Company during the year ended 30 June 2022 or in the prior year. Remuneration is determined based on prevailing market conditions.

DIRECTORS' REPORT

Consequences of performance on shareholder wealth - Audited

In considering the Company's performance and benefits for shareholders wealth, the Board have regard to the following indices in respect of the current financial year and the previous four financial years.

	2022	2021	2020	2019	2018
Net loss attributable to equity holders of the Company	\$2,781,083	\$3,194,347	\$3,575,959	\$1,611,799	\$1,593,645
Dividends paid	-	-	-	-	-
Change in share price	0.01 cents	[0.03] cents	0.07 cents	0.05 cents	[0.1] cents

The overall level of key management personnel's compensation is assessed on the basis of market conditions, status of the Company's projects, and the strategic performance of the Company.

Details of remuneration for the year ended 30 June 2022 - Audited

Details of director and senior executive remuneration and the nature and amount of each major element of the remuneration of each director of the Company, and other key management personnel of the Company are set out below:

² Vesting condition of 2 years service period. To exercise, option holders must remain with the Company or exercise within 2 months of the termination of their employment.

³ Vesting date was subject to the completion of a commercialisation transaction and continuing employment. The options can be exercised at any time after a commercialisation transaction through to the expiry date of the option [or within 2 months of termination].

No options were granted to Michelle Miller as compensation during the 2022 and 2021 financial years. During the year ended 30 June 2022 1,000,000 options vested (2021 – 1,000,000) and 5,000,000 options that were issued in prior years expired unexercised (2021- nil).

- The fair value of the 1,000,000 options at grant date was determined based on a Black- Scholes formula. The model inputs of the options issued, were the Company's share price of \$0.064 at the grant date, a volatility factor of 75.77% based on historic share price performance, a risk free rate of 0.73% based on the 3 year government bond rate and no dividends paid.
- The fair value of the 1,000,000 options at grant date was determined based on a Black- Scholes formula. The model inputs of the options issued, were the Company's share price of \$0.064 at the grant date, a volatility factor of 75.77% based on historic share price performance, a risk free rate of 0.81% based on the 5 year government bond rate and no dividends paid.
- The fair value of the 5,000,000 options at grant date was determined based on a Black-Scholes formula. The model inputs of the options issued, were the Company's share price of \$0.064 at the grant date, a volatility factor of 75.77% based on historic share price performance, a risk free rate of 0.77% based on the 2 year government bond rate and no dividends paid. NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2022

1. REPORTING ENTITY

Biotron Limited (the 'Company') is a company domiciled in Australia. The address of the Company's registered office is at Level 2, 66 Hunter Street, Sydney, NSW 2000. The Company is a for-profit entity and is primarily engaged in the funding and management of intermediate and applied biotechnology research and development projects.

2. BASIS OF PREPARATION

[a] Statement of compliance

These financial statements are general purpose financial statements which have been prepared in accordance with Australian Accounting Standards ('AASBs') adopted by the Australian Accounting Standards Board ('AASB') and the *Corporations Act 2001*. The financial statements of the Company also comply with International Financial Reporting Standards ('IFRSs') adopted by the International Accounting Standards Board ('IASB').

The financial report was authorised for issue by the directors on 19 August 2022.

[b] Basis of measurement

The financial statements have been prepared on the historical cost basis, unless otherwise stated.

[c] Functional and presentation currency

These financial statements are presented in Australian dollars, which is the Company's functional currency.

[d] Use of estimates and judgements

The preparation of financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected.

In particular, information about significant areas of estimation uncertainty and critical judgements in applying accounting policies that have the most significant effect on the amounts recognised in the financial statements are described in the following notes:

- Note 2 [e] – Going concern

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2022

[e] Going concern

The financial statements have been prepared on a going concern basis which contemplates the realisation of assets and settlement of liabilities in the ordinary course of business.

The Company has incurred a trading loss of \$2,781,083 for the year ended 30 June 2022 and has accumulated losses of \$51,837,373 at 30 June 2022. The Company has cash on hand of \$1,741,405 at 30 June 2022 and used \$3,994,573 of cash in operations for the year ended 30 June 2022 and received \$1,558,525 in research and development government incentives. As at 30 June 2022, the Company had net assets of \$1,092,496. These conditions give rise to a material uncertainty that may cast significant doubt upon the Company's ability to continue as a going concern.

The ongoing operation of the Company is dependent on:

- the Company raising additional funding from shareholders or other parties; and/or
- the Company reducing expenditure in line with available funding.

The directors have prepared cash flow projections that support the ability of the Company to continue as a going concern for the period 1 July 2022 to 31 August 2023. These cash flow projections include significant ongoing expenditure on research and development activities and assume the Company receives the research and development ('R&D') rebate from the Australian Government and sufficient additional funding from shareholders or other parties. If such funding is not achieved, the Company plans to reduce expenditures in line with available funding.

In the event that the Company does not obtain additional funding and/or reduce expenditure in line with available funding, the achievement of which is significantly uncertain until secured or realised, it may not be able to continue its operations as a going concern and therefore may not be able to realise its assets and extinguish its liabilities in the ordinary course of operations and at the amounts stated in the financial statements.

3. SIGNIFICANT ACCOUNTING POLICIES

[a] Application of accounting policies

The accounting policies set out below have been applied to all periods presented in these financial statements and have been applied consistently by the Company.

[b] New standards and interpretations not yet adopted

A number of new standards, amendments to standards and interpretations are able to be early adopted for annual periods beginning after 1 July 2021 and have not been applied in preparing these financial statements. None of these are expected to have a significant effect on the financial statements of the Company.

[c] Cash and cash equivalents

Cash and cash equivalents comprise cash balances and call deposits with an original maturity of three months or less.

[d] Trade and other receivables

Trade and other receivables are stated at their amortised cost less impairment losses.

[e] Property, plant and equipment

Property plant and equipment are stated at their historical cost less accumulated depreciation and accumulated impairment losses. Depreciation is recognised in profit or loss using the reducing balance method from the date of acquisition at rates between 13% and 40% per annum.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2022

[f] Government grants

Where a grant is received relating to research and development costs that have been expensed, the grant is recognised as other income when the grant becomes receivable and the Company complies with all attached conditions.

Research and development costs

Expenditure on research activities, undertaken with the prospect of gaining new scientific or technical knowledge and understanding, is recognised in profit and loss when incurred.

Development activities involve a plan or design for the production of new or substantially improved products and processes. Development expenditure is capitalised only if development costs can be measured reliably, the product or process is technically and commercially feasible, future economic benefits are probable, and the Company intends to and has sufficient resources to complete development and to use or sell the asset. The expenditure capitalised includes the cost of materials, direct labour and overhead costs that are directly attributable to preparing the asset for its intended use. Otherwise, development expenditure is recognised in profit or loss when incurred.

Capitalised development expenditure is measured at cost less accumulated amortisation and accumulated impairment losses.

[g] Trade and other payables

Trade and other payables are stated at their amortised cost, are non-interest bearing and are normally settled within 60 days.

[h] Employee entitlements

Short-term employee benefits

Short-term employee benefits are expensed as the related service is provided. A liability is recognised for the amount expected to be paid under short term cash bonus or profit sharing plans if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee, and the obligation can be estimated reliably.

Long term employee benefits

The Company's net obligation in respect of long term employee benefits is the amount of future benefit that employees have earned in return for their service in the current and prior periods. That benefit is discounted to determine its present value. Re-measurements are recognised in profit or loss in the period in which they arise.

Share-based payment transactions

The grant-date fair value of share-based payment awards granted to employees is recognised as an employee expense, with a corresponding increase in equity, over the period that the employees become unconditionally entitled to the awards. The amount recognised as an expense is adjusted to reflect the number of awards for which the related service and non-market vesting conditions are expected to be met, such that the amount ultimately recognised as an expense is based on the number of awards that meet the related service and non-market performance conditions at the vesting date. For share-based payment awards with non-vesting conditions, the grant date fair value of the share-based payment is measured to reflect such conditions and there is no true-up for differences between expected and actual outcomes.

[i] Share capital

Ordinary shares

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of ordinary shares are recognised as a deduction from equity, net of any tax effects.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2022

(j) Tax

Income tax comprises of current tax and deferred tax and is recognised in profit or loss except to the extent that it relates to a business combination, or items recognised directly in equity or in other comprehensive income.

Current tax

Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using tax rates enacted or substantially enacted at the reporting date, and any adjustment to tax payable in respect of previous years. Current tax assets and liabilities are offset only if certain criteria are met.

Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amount of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is not recognised for temporary differences on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss.

The measurement of deferred tax reflects the tax consequences that would follow the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, using tax rates enacted or substantively enacted at the reporting date. Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

A deferred tax asset is recognised for unused tax losses, tax credits and deductible temporary differences, to the extent that it is probable that future taxable profits will be available against which they can be utilised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

Goods and services tax

Revenue, expenses and assets are recognised net of the amount of goods and services tax ('GST'), except where the amount of GST incurred is not recoverable from the taxation authority. In these circumstances, the GST is recognised as part of the cost of acquisition of the asset or as part of the expense.

Receivables and payables are stated with the amount of GST included. The net amount of GST recoverable from, or payable to, the ATO is included as a current asset or liability in the balance sheet.

Cash flows are included in the statement of cash flows on a gross basis. The GST components of cash flows arising from investing and financing activities which are recoverable from, or payable to, the ATO are classified as operating cash flows.

(k) Finance income

Finance income comprises interest income on funds invested. Interest income is recognised as it accrues in profit or loss, using the effective interest method.

(l) Earnings per share

The Company presents basic and diluted earnings per share ('EPS') data for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the period. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares, which comprise share options.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2022

[m] Impairment

Financial instruments

The Company recognises expected credit losses ('ECLs'), where material, on financial assets measured at amortised cost. The Company measures loss allowances at an amount equal to lifetime ECLs.

Loss allowances are always measured at an amount equal to lifetime ECLs. At each reporting date, the Group assesses whether financial assets carried at amortised cost and debt securities at fair value through other comprehensive income are credit-impaired.

The gross carrying amount of a financial asset is written off when the Group has no reasonable expectations of recovering a financial asset in its entirety or a portion thereof.

[n] Provisions

A provision is recognised if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects the current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as a finance cost.

[o] Segment reporting

Determination and presentation of operating segments

The Company determines and presents operating segments based on the information that is provided internally to the Managing Director, who is the Company's chief operating decision maker.

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Company's other components. All operating segments' operating results are regularly reviewed by the Company's Managing Director to make decisions about resources to be allocated to the segment and assess its performance.

Segment results that are reported to the Managing Director include items directly attributable to a segment as well as those that can be allocated on a reasonable basis. Unallocated items comprise mainly corporate assets (primarily the Company's headquarters), head office expenses, and income tax assets and liabilities.

4. DETERMINATION OF FAIR VALUES

A number of the Company's accounting policies and disclosures require the determination of fair value, for both financial and non-financial assets and liabilities. Fair values have been determined for measurement and/or disclosure purposes based on the following methods. Where applicable, further information about the assumptions made in determining fair values is disclosed in the notes specific to that asset or liability.

Share-based payment transactions

The fair value of employee share options is measured using the Black-Scholes formula. Measurement inputs include share price on measurement date, exercise price of the instrument, expected volatility (based on weighted average historic volatility adjusted for changes expected due to publicly available information), weighted average expected life of the instruments (based on historical experience and general option holder behaviour), expected dividends, and the risk-free interest rate (based on government bonds). Service and non-market performance conditions attached to the transactions are not taken into account in determining fair value. Share-based payment arrangements in which the Company receives goods or services as consideration for its own equity instruments are accounted for as equity-settled share-based payment transactions.

Non-derivative financial liabilities

Non-derivative financial liabilities are measured at fair value, at initial recognition, and for disclosure purposes, at each annual reporting date. Fair value is calculated based on the present value of future principal and interest cash flows, discounted at the market rate of interest at the measurement date.

7. LOSS PER SHARE

The calculation of basic and diluted loss per share at 30 June 2022 was based on the loss attributable to ordinary shareholders of \$2,781,083 (2021 - \$3,194,347 loss) and a weighted average number of ordinary shares outstanding during the financial year ended 30 June 2022 of 701,932,713 (2021 - 701,932,713), calculated as follows:

Net loss for the year	2,781,083	3,194,347
	2022 Number	2021 Number
Weighted average number of ordinary shares (basic and diluted)		
Issued ordinary shares at 1 July	701,932,713	701,932,713
Weighted average number of ordinary shares at 30 June	701,932,713	701,932,713

As the Company is loss making, none of the potentially dilutive securities are currently dilutive.

Tax losses	9,874,247	9,667,804
Net	10,024,063	9,831,812

The deductible temporary differences and tax losses do not expire under the current tax legislation. Deferred tax assets have not been recognised in respect of these items because it is not probable that future taxable profit will be available against which the Company can utilise the benefits of the deferred tax asset. Deferred tax assets not recognised are calculated at a tax rate of 25% [prior year 26%] which is the company tax rate that applies from 1 July 2021.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2022

18. SHARE BASED PAYMENTS

The Company has an Incentive Option Plan to provide eligible persons, being employees or directors, or individuals whom the Plan Committee determine to be employees for the purposes of the Plan, with the opportunity to acquire options over unissued ordinary shares in the Company. The number of options granted or offered under the Plan will not exceed 10% of the Company's issued share capital and the exercise price of options will be the greater of the market value of the Company's shares as at the date of grant of the option or such amount as the Plan Committee determines. Options have no voting or dividend rights. The vesting conditions of options issued under the plan are based on a minimum service periods being achieved ranging from 2 to 4 years. There are no other vesting conditions attached to options issued under the plan.

In the event that the employment or office of the option holder is terminated, any options which have not reached their exercise period will lapse and any options which have reached their exercise period may be exercised within two months of the date of termination of employment. Any options not exercised within this two month period will lapse.

No options were issued during the year ended 30 June 2022 and 5,000,000 options expired. At 30 June 2022, 4,500,000 options were on issue (2021 – 9,500,000) as detailed in note 15.

The terms and conditions of the options held by key management personnel during the year ended 30 June 2022 are as follows:

Grant date	Expiry date	Vesting date	Exercise price	Fair value of options granted \$	Total granted Number	Total Exercised/ Expired Number	Exercisable at end of the period number	Balance at end of the period Number

Outstanding	4,500,000	\$0.200	9,500,000	\$0.236

The equity based compensation reserve is used to record the options issued to employees, directors and executives of the Company as compensation. Options are valued using the Black-Scholes option pricing model. The weighted average remaining contractual life of share options outstanding at the end of the year in the equity based compensation reserve was 0.92 years [2021 - 1.85].

During the year, no ordinary shares were issued as a result of the exercise of options granted pursuant to the Incentive Option Plan [2021 - nil].

Fair value of options

The fair value of options granted is measured at grant date and recognised as an expense over the period during which the employee becomes unconditionally entitled to the options. The fair value of the options granted is measured using an option valuation methodology, taking into account the terms and conditions upon which the options were granted. The amount recognised as an expense is adjusted to reflect the actual number of options that vest.

When options on issue are modified and the modification is beneficial to the other party the incremental fair value at the date of the modification is recognised over the remaining modified vesting period and the original grant-date fair value is recognised over the remaining original vesting period. When the modification is to options on issue that have fully vested the incremental fair value is recognised as an expense in the period the modification occurs. The incremental fair value is the difference between the fair value of the share based payment at the date of modification between the old and new terms.

Expenses arising from share-based payment transactions

Total expenses arising from share based payment transactions recognised during the year ended 30 June 2022 was \$10,585 [2021 - \$84,333].

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2022

19. FINANCIAL INSTRUMENTS

Financial risk management objectives and policies

The Company's financial instruments comprise deposits with banks, trade and other payables and from time to time short term loans from related parties. The Company does not trade in derivatives or in foreign currency.

The Company manages its risk exposure of its financial instruments in accordance with the guidance of the Board of Directors. The main risks arising from the Company's financial instruments are market risk, credit risk and liquidity risks. This note presents information about the Company's exposure to each of these risks, its objectives, policies and processes for measuring and managing risk, and the Company's management of capital.

Risk management framework

The Board has overall responsibility for the establishment and oversight of the risk management framework. Informal risk management policies are established to identify and analyse the risks faced by the Company.

The primary responsibility to monitor the financial risks lies with the Managing Director and the Company Secretary under the authority of the Board.

Credit risk

Credit risk arises mainly from the risk of counterparties defaulting on the terms of their agreements.

The carrying amounts of the following assets represent the Company's maximum exposure to credit risk in relation to financial assets:

	Note	Carrying amount	
		2022 \$	2021 \$
Cash and cash equivalents	8	1,741,405	4,210,624
Security deposits		53,985	33,943
		1,795,390	4,244,567

Cash and cash equivalents

The Company mitigates credit risk on cash and cash equivalents by dealing with regulated banks in Australia.

Security deposits

Credit risk on security deposits is very low as it usually consists predominantly of amounts recoverable from a regulated bank in Australia.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2022

Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The ultimate responsibility for liquidity management rests with the Board. The Company monitors rolling forecasts of liquidity on the basis of expected fund raisings, trade payables and other obligations for the ongoing operation of the Company. At balance date, the Company has available funds of \$1,741,405 for its immediate use.

The following are the contractual maturities of financial liabilities, including estimated interest payments:

	Carrying amount \$	Contractual cash flows \$	Less than one year \$	Between one and five years \$
30 June 2022				
Trade and other payables	389,166	[389,166]	[389,166]	-
Lease Liability	77,239	[77,239]	[34,247]	[42,992]
30 June 2021				
Trade and other payables	191,079	[191,079]	[191,079]	-
Lease Liability	6,347	[6,347]	[6,347]	-

It is not expected that the cash flows included in the maturity analysis could occur significantly earlier, or at significantly different amounts.

Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates, interest rates and equity prices will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

Interest rate risk

The Company's income statement is affected by changes in interest rates due to the impact of such changes on interest income from cash and cash equivalents and interest bearing security deposits. Changes in interest rates for the current and prior reporting period date would have increased/decreased equity and loss for the period by an immaterial amount.

At balance date, the Company had the following mix of financial assets exposed to variable interest rate risk.

	Note	2022 \$	2021 \$
Financial assets			
Cash and cash equivalents	8	1,741,405	4,210,624
Security deposits		53,985	33,943
Net exposure		1,795,390	4,244,567

The Company had the following fixed interest bearing financial liabilities in the current year.

Financial liabilities

Lease liability	14	77,239	6,347
Net exposure		77,239	6,347

The Company does not have interest rate swap contracts.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2022

Currency risk

The Company is exposed to currency risk on cash and cash equivalents that are denominated in United States currency. The company's gross financial exposure to foreign currency risk at balance date was US\$97 [2021 - US\$97].

The Company is not exposed to price risks.

Capital management

The Board's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business.

The Board ensures costs are not incurred in excess of available funds and will seek to raise additional funding through issues of shares for the continuation of the Company's operations. There were no changes in the Company's approach to capital management during the year.

The Company is not subject to externally imposed capital requirements.

Estimation of fair values

The carrying amounts of financial assets and liabilities approximate their net fair values, given the short time frames to maturity and or variable interest rates.

20. FINANCIAL REPORTING BY SEGMENTS

The Company operates in one reportable operating segment, being the biotechnology industry in Australia.

21. COMMITMENTS AND CONTINGENCIES

The Company may be party to commercial disputes and litigation in the normal course of business. No material liabilities are expected to arise in respect of the commercial disputes and litigation existing at balance date.

There are no capital commitments at the date of these financial statements.

22. SUBSEQUENT EVENTS

There have been no matters arise in the interval between the end of the financial year and the date of this report any item, transaction or event of a material and unusual nature likely, in the opinion of the directors of the Company, to affect significantly the operations of the Company, the results of those operations, or the state of affairs of the Company in future financial years.

INDEPENDENT AUDITOR'S REPORT

Independent Auditor's Report

To the shareholders of Biotron Limited

Report on the audit of the Financial Report

Opinion

We have audited the *Financial Report* of Biotron Limited (the Company).

In our opinion, the accompanying Financial Report of the Company is in accordance with the *Corporations Act 2001*, including:

- giving a true and fair view of the Company's financial position as at 30 June 2022 and of its financial performance for the year ended on that date; and
- complying with *Australian Accounting Standards* and the *Corporations Regulations 2001*.

The *Financial Report* comprises:

INDEPENDENT AUDITOR'S REPORT

Material uncertainty related to going concern

We draw attention to Note 2(e), "Going Concern" in the financial report. The conditions disclosed in Note 2(e), indicate a material uncertainty exists that may cast significant doubt on the Company's ability to continue as a going concern and, therefore, whether it will realise its assets and discharge its liabilities in the normal course of business, and at the amounts stated in the financial report. Our opinion is not modified in respect of this matter.

In concluding there is a material uncertainty related to going concern we evaluated the extent of uncertainty regarding events or conditions casting significant doubt in the Company's assessment of going concern. This included:

- Analysing the cash flow projections by:
 - Evaluating the underlying data used to generate the projections for consistency with other information tested by us, our understanding of the Company's intentions, and past results and practices;
 - Assessing the planned levels of operating and capital expenditures for consistency of relationships and trends to the Company's historical results since year end, and our understanding of the business, industry and economic conditions of the Company;
- Assessing significant non-routine forecast cash inflows and outflows including the expected impact of planned capital raisings for feasibility, quantum and timing. We used our knowledge of the client, its industry and current status of those initiatives to assess the level of associated uncertainty.
- Reading minutes of directors' meetings and relevant correspondence with the Company's advisors to understand the Company's ability to raise additional shareholder funds, and assess the level of associated uncertainty;
- Evaluating the Company's going concern disclosures in the financial report by comparing them to our understanding of the matter, the events or conditions incorporated into the cash flow projection assessment, the Company's plans to address those events or conditions, and accounting standard requirements. We specifically focused on the principle matters giving rise to the material uncertainty.

Key Audit Matters

Key Audit Matters are those matters that, in our professional judgement, were of most significance in our audit of the Financial Report of the current period.

These matters were addressed in the context of our audit of the Financial Report as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

In addition to the matter described in the *Material uncertainty related to going concern* section, we have determined the matter described below to be the Key Audit Matter.

INDEPENDENT AUDITOR'S REPORT

Direct research and development expenditure - \$2,821,142	
Refer to Note 6 to the Financial Report	
The key audit matter	How the matter was addressed in our audit
<p>Direct research and development expenditure is a key audit matter due to the significance of the amount (being 65% of total expenses) and the audit effort associated with assessing the completeness, existence and accuracy of the amounts recorded by the Company.</p>	<p>– Our procedures included:</p> <ul style="list-style-type: none"> • Assessing the Company's accounting policy for research and development expenditure against the requirements of the accounting standards; • Selecting a statistical sample of items recorded as direct research and development expenditure and checking the expenditure amount recorded for consistency to invoices from third parties or other underlying documentation; • For the sample identified above, checking the nature of the expenditure for consistency with its classification as direct research and development expenditure, in accordance with the Company's accounting policy and the criteria in the accounting standards; and • Testing the completeness of direct research and development expenditure recorded in the year by checking payments recorded since year end and unprocessed invoices for evidence of the timing of the transactions. We selected our sample from the Company's payments made since balance date, and unprocessed invoices at the date of our testing, and checked the timing of the transaction to the underlying documentation.

INDEPENDENT AUDITOR'S REPORT

Other Information

Other Information is financial and non-financial information in Biotron Limited's annual reporting which is provided in addition to the Financial Report and the Auditor's Report. The Directors are responsible for the Other Information.

Our opinion on the Financial Report does not cover the Other Information and, accordingly, we do not express an audit opinion or any form of assurance conclusion thereon, with the exception of the Remuneration Report and our related assurance opinion.

In connection with our audit of the Financial Report, our responsibility is to read the Other Information. In doing so, we consider whether the Other Information is materially inconsistent with the Financial Report or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

We are required to report if we conclude that there is a material misstatement of this Other Information, and based on the work we have performed on the Other Information that we obtained prior to the date of this Auditor's Report we have nothing to report.

Responsibilities of the Directors for the Financial Report

The Directors are responsible for:

- preparing the Financial Report that gives a true and fair view in accordance with *Australian Accounting Standards* and the *Corporations Act 2001*
- implementing necessary internal control to enable the preparation of a Financial Report that gives a true and fair view and is free from material misstatement, whether due to fraud or error
- assessing the Company's ability to continue as a going concern and whether the use of the going concern basis of accounting is appropriate. This includes disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless they either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the Financial Report

Our objective is:

- to obtain reasonable assurance about whether the Financial Report as a whole is free from material misstatement, whether due to fraud or error; and
- to issue an Auditor's Report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with *Australian Auditing Standards* will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error. They are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the Financial Report.

A further description of our responsibilities for the audit of the Financial Report is located at the *Auditing and Assurance Standards Board* website at: https://www.auasb.gov.au/admin/file/content102/c3/ar2_2020.pdf. This description forms part of our Auditor's Report.

INDEPENDENT AUDITOR'S REPORT

Report on the Remuneration Report

Opinion

In our opinion, the Remuneration Report of Biotron Limited for the year ended 30 June 2022, complies with *Section 300A* of the *Corporations Act 2001*.

Directors' responsibilities

The Directors of the Company are responsible for the preparation and presentation of the Remuneration Report in accordance with *Section 300A* of the *Corporations Act 2001*.

Our responsibilities

We have audited the Remuneration Report included in pages 11 to 15 of the Directors' report for the year ended 30 June 2022.

Our responsibility is to express an opinion on the Remuneration Report, based on our audit conducted in accordance with *Australian Auditing Standards*.

EXPLANATORY MEMORANDUM

This is an Explanatory Memorandum to in the Notice of Annual General Meeting of Biotron Limited to be convened at Level 3, 60 Carrington Street, Sydney, NSW, 2000 on 16 November 2022 at 11:00 am.

Resolution 1 Re-election of Professor Stephen Locarnini as a Director

Resolution 1 deals with the re-election of Professor Stephen Locarnini who retires in accordance with the Company's Constitution and Listing Rule 14.4 and, being eligible, has offered himself for re-election.

Professor Locarnini is a past director of the World Health Organisation (WHO) Regional Reference Laboratory for Hepatitis B and D for the Western Pacific Region (WPRO). His current major research interests include viral hepatitis, hepatitis vaccines and antiviral chemotherapy with an emphasis on the basic virology of the various agents of hepatitis, the molecular pathogenesis of hepatitis, as well as prevention and public health control measures.

Curative treatments for Hepatitis B infections with antiviral agents represent the current focus for Professor Locarnini who is also interested in intellectual property issues when applied to clinical and diagnostic virology. He is a named inventor on over 20 internationally granted patents.

He worked at the Victorian Infectious Diseases Reference Laboratory (VIDRL, originally Fairfield Hospital Virus Laboratory) from 1989, as Director of Laboratory Services from 1990 to 1998 and, in 1993, he oversaw the amalgamation of all the Fairfield Laboratories into the one service of the VIDRL. He subsequently assumed the position of Head, Research & Molecular Development of VIDRL when the laboratory relocated to Melbourne Health in 1998.

Professor Locarnini is the recipient of numerous awards including the European Association for the Study of Liver Disease (EASL) International Recognition Award in 2010, the Malaysian Liver Foundation's Medal for work on Viral Hepatitis in 2003 and the Gastroenterological Society of Australia (GESA) Distinguished Research Prize in 2013. In 2019 he received the William H. Prusoff HEP DART Lifetime Achievement Award. He is author of 289 peer-reviewed articles, 24 invited editorials and 100 book chapters and reviews and every year delivers numerous invited, plenary and named lectures at major international meetings and conferences.

Professor Locarnini currently has an academic appointment at the University of Melbourne.

He is a member of the Scientific Advisory Board of a number of emerging as well as established pharmaceutical and biotechnology companies. In 2017, he co-founded the biotech start-up company CLEAR-B with the Morningside-Newton Investment group in Boston, USA focusing on curative strategies for chronic Hepatitis B.

The Directors recommend that you vote IN FAVOUR of Resolution 1.
The Chairman of the Meeting intends to vote undirected proxies IN FAVOUR of Resolution 1.

Resolution 2 Re-election of Mr Robert B. Thomas as a Director

Resolution 2 deals with the re-election of Mr Robert B. Thomas who retires in accordance with the Company's Constitution and Listing Rule 14.4 and, being eligible, has offered himself for re-election.

Mr Thomas has over 35 years' experience in the securities industry, with Potter Partners (now UBS), County NatWest and Citigroup. He is the chairman of Starpharma Holdings Limited and a director of Clarity Pharmaceuticals Limited. He chairs Grahger Retail Securities Pty Ltd and is a director of O'Connell Street Associates Pty Limited. Mr Thomas has a Bachelor of Economics degree from Monash University (1963 - 1966). He has been a member of the Securities Institute of Australia since 1976 and was appointed as a Fellow to the Institute in 1997. He is a Master Stockbroker and is a Fellow of the Institute of Company Directors.

The Directors recommend that you vote IN FAVOUR of Resolution 2.
The Chairman of the Meeting intends to vote undirected proxies IN FAVOUR of Resolution 2.

Resolution 3 Adoption of the Remuneration Report

The Remuneration Report, which can be found as part of the Directors' Report in the Company's 2022 Annual Report, contains certain prescribed details, sets out the policy adopted by the Board of Directors and discloses the payments to key management personnel, Directors and senior executives.

In accordance with section 250R of the Corporations Act, a resolution that the Remuneration Report be adopted must be put to the vote. This resolution is advisory only and does not bind Directors.

The Chairman will allow a reasonable opportunity for shareholders as a whole to ask about, or make comments on, the Remuneration Report.

The Chairman intends to exercise all undirected proxies in favour of Resolution 3. If the Chairman of the Meeting is appointed as your proxy and you have not specified the way the Chairman is to vote on Resolution 3 by signing and returning the Proxy Form, you are considered to have provided the Chairman with an express authorisation for the Chairman to vote the proxy in accordance with the Chairman's intention.

Voting Exclusion Statement:

The Company will disregard any votes cast on Resolution 3 by or on behalf of a member of the key management personnel of the Company (at the date of the meeting or whose remuneration is disclosed in the remuneration report) ('KMP') and their closely related parties (such as close family members and controlled companies).

However, the Company need not disregard a vote if it is:

- cast by a person as a proxy or attorney for a person who is entitled to vote on the resolution, in accordance with the directions given to the proxy or attorney to vote on Resolution 3 in that way; or
- cast by the Chairman of the Meeting as proxy or attorney appointed in accordance with the directions of the proxy for a person who is entitled to vote, and such appointment on the proxy expressly authorises the Chairman to exercise the proxy even if the resolution is connected directly with the remuneration report; or
- cast by a holder acting solely in a nominee, trustee, custodial or other fiduciary capacity on behalf of a beneficiary provided the following conditions are met:
 - the beneficiary provides written confirmation to the holder that the beneficiary is not excluded from voting, and is not an associate of a person excluded from voting on the resolution; and
 - the holder votes on the resolution in accordance with directions given by the beneficiary to the holder to vote in that way.

The Directors recommend that you vote IN FAVOUR of advisory Resolution 3.

The Chairman of the Meeting intends to vote undirected proxies IN FAVOUR of advisory Resolution 3.

Resolution 4 Conditional Resolution to Hold Directors Elections

As set out above, this Resolution 4 ('Spill Resolution') is required to be included in the Notice of Meeting because more than 25% of votes validly cast on the adoption of the 2021 Remuneration Report were cast against it at the 2021 AGM, resulting in a first strike.

Resolution 4 is a conditional item of business, subject to the result of the voting on Resolution 3. This resolution will only be put to the AGM if at least 25% of the votes validly cast on Resolution 3 are cast against the adoption of the 2022 Remuneration Report.

If less than 25% of the votes validly cast on Resolution 3 are voted against adoption of the 2022 Remuneration Report, there will be no second strike and Resolution 4 will not be put to the Meeting.

If the Company is required to put the Spill Resolution, the Spill Resolution will only be passed if an ordinary majority (more than 50%) of the votes validly cast on the Spill Resolution are voted in favour of it.

If this Resolution 4 is passed, and becomes effective, then it will be necessary for the Board to convene a further general meeting ('Spill Meeting') of the Company within 90 days of the AGM in order to consider the composition of the Board.

At the Spill Meeting, all of the Directors, other than the Managing Director, who were in office when the resolution to make the Directors' Report for the financial year ended 30 June 2022 was passed (being Michael J. Hoy, Stephen Locarnini, Susan M. Pond and Robert B. Thomas) and who remain in office at the time of the Spill Meeting, cease to hold office immediately before the end of the Spill Meeting and resolutions to appoint persons to offices that will be vacated immediately before the end of the Spill Meeting be put to the vote of shareholders at the Spill Meeting.

Even if they are re-elected at the 2022 AGM, Professor Stephen Locarnini and Mr Robert B. Thomas will need to be re-elected at the Spill Meeting in order to remain in office.

The Spill Meeting, if required, will be subject to a separate notice in accordance with the Constitution of the Company and the Corporations Act.

Voting exclusion statement

The Company will disregard any votes cast on Resolution 4:

- (a) by or on behalf of a member of the Company's KMP named in the 2022 Remuneration Report (or their closely related parties), regardless of the capacity in which the vote is cast; or
- (b) as proxy by a person who is a member of the Company's KMP at the date of the Meeting (or their closely related parties),

unless the vote is cast as proxy for a person entitled to vote on Resolution 4:

- in accordance with a direction on the Voting Form; or
- by the Chairman of the Meeting in accordance with an express authorisation to exercise the proxy even though Resolution 4 is connected with the remuneration of KMP.

The Directors recommend that you vote AGAINST Resolution 4.

The Chairman of the Meeting intends to vote undirected proxies AGAINST Resolution 4.

YOUR VOTE IS IMPORTANT

For your proxy appointment to be effective it must be received by **11:00 am (AEDT) Monday, 14 November 2022.**

Proxy Form

How to Vote on Items of Business

All your securities will be voted in accordance with your directions.

APPOINTMENT OF PROXY

Voting 100% of your holding: Direct your proxy how to vote by marking one of the boxes opposite each item of business. If you do not mark a box your proxy may vote or abstain as they choose (to the extent permitted by law). If you mark more than one box on an item your vote will be invalid on that item.

Voting a portion of your holding: Indicate a portion of your voting rights by inserting the percentage or number of securities you wish to vote in the For, Against or Abstain box or boxes. The sum of the votes cast must not exceed your voting entitlement or 100%.

Appointing a second proxy: You are entitled to appoint up to two proxies to attend the meeting and vote on a poll. If you appoint two proxies you must specify the percentage of votes or number of securities for each proxy, otherwise each proxy may exercise half of the votes. When appointing a second proxy write both names and the percentage of votes or number of securities for each in Step 1 overleaf.

A proxy need not be a securityholder of the Company.

SIGNING INSTRUCTIONS FOR POSTAL FORMS

Individual: Where the holding is in one name, the securityholder must sign.

Joint Holding: Where the holding is in more than one name, all of the securityholders should sign.

Power of Attorney: If you have not already lodged the Power of Attorney with the registry, please attach a certified photocopy of the Power of Attorney to this form when you return it.

Companies: Where the company has a Sole Director who is also the Sole Company Secretary, this form must be signed by that person. If the company (pursuant to section 204A of the Corporations Act 2001) does not have a Company Secretary, a Sole Director can also sign alone. Otherwise this form must be signed by a Director jointly with either another Director or a Company Secretary. Please sign in the appropriate place to indicate the office held. Delete titles as applicable.

PARTICIPATING IN THE MEETING
